Dedicated to my dear mother whose unfailing interest and help kept me at it  
and to my ELS (Ever Loving Spouse) whose unswerving TV viewing of any

About the numbering system: After sometime at this, I had so many people to keep track of that I had to think up some way to identify some one. Girls do have a habit of growing up and changing their names through marriage. And if you will look at the index, you will see how many surnames there are. Who belonged to who???? I puzzled over that for some time and then devised my numbering system. It is based on a starting couple--in this case Frederich and Elizabeth Eckes who became 1. Their oldest child became 1/1. Since he was stillborn, he had no descendants. Still, legally, he was # 1. Mathias John was 1/2 and so on in chronological order down to Cecelia Josephine. Now the next generation were added by taking the family branch--let us take Mathias John whose number is 1/2. His oldest child was given the number 1/2:1 and so on in order of birth. This rule applies to all families. The next generation then got added on so 1/2:1:1 and so on. My own number is 1/4:6 because my mother is the 4th child of Frederich and Elizabeth and I am the 6th child of Clara Elizabeth. In the index, I have listed all female members of the family under both their maiden names by adding their married names in capital letters. Thus 1/2:1 is Marie Rose SULLIVAN under "Eckes" and Marie Rose (Eckes) when she is listed under "Sullivan". Maiden names are in small letters in parenthesis and married names are in capitals. When a woman has been married twice the maiden name is in parenthesis ( ) in small letters and her other married name in parenthesis in capital letters. All families have been kept together so that the descendants of each child are together before going on to the next child of Frederich and Elizabeth.

I hope this is clear and I hope that this newborn child of mine is well received by you all. It has been a labor of love which extended over some eight years with the last four months being utterly hectic. My thanks to you all who cooperated. My special thanks to my mother and to my dear Aunt Katie ADAMS, to Mark Eckes for his duplicating and to Jim and Marian (Eckes) LaVigne for their unfailing help, especially for the picture of the Eckes family taken on the golden wedding of the Eckes parents. For all my mistakes, all I know there must be some in spite of endless editing, forgive me. It has been a long, hard job which I intend to continue to keep current if possible over the years ahead.

With love  
Lawrence Mengelkoch Klaes
